Board Finishes Year With Surplus

For the first time in recent history, the Coffee County School System can boast of having money collecting interest in savings.

According to Superintendent John W. Vaughan, the \$100,000 he has invested in certificates of deposit (C.D.) marks the first time in at least 20 or 30 years that the county school system has been financially able to have a savings account.

During Wednesday morning's meeting, the school board authorized Vaughan to purchase certificates of deposit with \$100,000 of the proration money which Coffee County schools recently received. The state sent \$146,000 to Coffee County's system which Vaughan said was only part of the money which was allocated to the schools for fiscal year 1980-81.

State money to Alabama public schools was prorated at 10 percent last year. However, at the end of the year, state officials discovered there was a need for only three percent proration, and released part of the money which

was originally budgeted to the schools. "We have finished the year without having to borrow any money and now we have an unappropriated surplus," Vaughan told the school board members.

He plans to keep the money in savings for at least six months, and then withdraw it to purchase at least five new school buses. "If we buy buses, there will be about a six months delay on delivery, and the interest on \$100,000 in C.D.s for that period should bring a good sum of money," Vaughan added.

The board also gave Vaughan permission to let bids on buses. He said approximately 10 1971 models need replacing during the next two years.

A letter of resignation was approved from Betty Tucker Crook, cosmetology instructor at the vocational school. Mrs. Crook will remain with the school until the end of the semester, or until a new instructor is hired.

The board also granted a maternity leave of absence to Lou Ann Bryant for the remainder of the 1981-82 school year. She is a teacher at Project Independence.

A low bid of \$4.70 per square yard for astroturf was accepted from Enterprise Wholesale. Vaughan said astroturf is used on porches and other exterior areas at several of the schools.

Bids were also opened for a chain link fence to be installed at the bus shop in New Brocton. Security Fence of Troy had the low bid of \$3,534, which was accepted. Other bids were from Dixie Fence Company of Dothan, \$3,959; Forehand Services, Inc. of Dothan, \$5,400; and Forehand Fence Company of Elba, \$4,486.

Final action included Vaughan being granted permission to attend a three-day conference in Washington, D.C., October 18-20. Educators at this meeting will be briefed on Pres. Ronald Reagan's proposed federal programs for education.

Council Adopts Policy For Off-Duty Cops

The Elba City Council met Monday night with all members present. Several important matters came before the council for consideration. They included a policy for off-duty police officers, garbage pickup cost, cemetery ownership and continuing problems with the cable TV franchise, and court procedures.

The council voted to continue the four-month-old policy of placing all city court cases in district court rather than returning to the old concept of a city judge. The vote was split, with Councilmen Ray Trammell, Charles

Kennett and Cleo Hawkins voting for a motion by Councilman Sonny Inman to remain with the district court, and Councilman John W. Sharpless being joined by Mayor Bob English in opposing the motion.

English pointed out to the council that he had encouraged the move last spring, but felt it was a mistake, and he favored returning to the city court. He agreed with councilmen that the tickets given by the police department were not to raise money for the city, but if someone was fined he felt the money should stay in city coffers to benefit

Elba people.

The district court system retains 90 percent of the court cost and 10 percent of the fine for the State of Alabama while the city court system requires the payment of a city judge. Some comments from the council indicated the two would about balance out on actual costs; and a strong point in the decision by councilmen supporting the district court apparently was a statement by Police Chief Ray Norris that the present system was better for the police department.

Councilman Charles Kennett

pointed out that the original reason for going to district court was to give a fair shake to everyone. "If one is not propped and the other is fined, I don't consider this fair. If I remember, this was one of our reasons last spring." He later said he recalled police officers saying if it did no good to give certain people tickets because they were never fined.

Sharpless was concerned over the average of \$9.00 extra that the district court cost those arrested. He stressed it would save the citizen about \$9.00 in city court.

Inman stated it bugged him to look down the list and see one speeding ticket not propped and another fined. Hawkins agreed this puzzled him.

Off-duty police officers working in private jobs wearing police uniforms was a matter of lengthy discussion. Concern was expressed about using city equipment for private gain and the liability to the city for such acts. Upon the recommendation of Mayor English the council adopted the following policy:

Upon request of any merchant or private citizen for off-duty police, we will consider, providing the policeman is paid existing salary and a committee consisting of the mayor pro-tem, mayor and chief of police consider the matter. The decision will be based on the interest of the citizens of Elba and no city vehicle will be used in such private request, and they must wear the proper attire for city police at the time.

The uniform part was discussed because they are city-owned, but it was pointed out that the same person would not be respected in civilian clothes. English reported that the cost of picking up garbage during the last year exceeded income by over \$12,000, and would increase about \$5,000 during the current year with the 5 percent salary increase and the increased charge by the county for dumping at the landfill.

Any action on this was postponed at the request of English who pointed out the pending joint meeting of the council and the utility board to work out the problems from the upcoming increase in cost of wholesale electricity. The city has been notified that an increase of 26 percent will be charged by AEC and discussions are underway to find a way to soften the impact of this increase.

Harris Winston discussed with the council the possibility of the city deciding the remaining lots in the city-owned Evergreen cemetery to the perpetual care trust. He noted he didn't want an answer immediately but wanted it to be considered. English expressed reservations to the idea saying there was no way of knowing who would be on the committee 40-50 years from now. Winston noted the same was true of the city council and this was his reason for the request.

It was agreed that the city clerk and Winston would contact the trustees of the trust account in Montgomery for advice and information on how others had handled the matter. Councilman Inman brought up the age-old problem of cable TV complaints. He reported a number of complaints and voiced personal dissatisfaction with the service. English told the council he had a thick folder of letters written in an effort to get some action on this matter.

Policy Holder Wins Suit Against Farm Bureau

The Coffee County Circuit Court-Elba Division, is in session this week with four cases slated to go before a jury. Two cases were disposed of on Tuesday, Oct. 6, with one ending in a mistrial and one resulting in an award of \$14,619.17.

The mistrial was declared in the case of Donnie Odom vs. Covington Electric Coop. Odom filed suit against the defendant for trespass to real

estate, but was declared a mistrial when the defendant insisted on questions that were inadmissible and prejudicial.

A jury awarded Martha Faye Cain \$14,619.17 in a suit against the Alabama Farm Bureau. Ms. Cain was involved in a wreck with an insured motorist, resulting in her becoming a quadriplegic, and sued Farm Bureau when it failed to act on a claim filed on her automobile liability policy.

Tax For Courthouse

Debates Begin In Age-Old Issue

Letters pro and con on the proposed courthouse-jail project in Coffee County are being exchanged in Enterprise. Chamber of Commerce President Ed Sherling wrote the first and told this newspaper Tuesday at least one news report indicated he was opposing the one percent sales tax, but that was not the point of the letter. Commissioner Charlie Mack Martin responded to the first letter and said he wanted them to fully understand his position.

Commissioner Marvin M. Bowden
Judge James Sawyer

Gentlemen:

As you may be aware, on February 11, 1979, the Enterprise Chamber of Commerce, by majority vote of its Directors, adopted the position that there should be only one County Courthouse and one County Jail in Coffee County and that such facilities should be located within the city limits of the City of Enterprise. This, due to the fact that our county cannot afford a dual system and the vast majority of county residents live in the Enterprise Division (one-half within the city limits of Enterprise). Established growth patterns show that this trend is definite and future growth projections show even greater disparity.

It has come to our attention that you will or have already introduced a bill in the legislature entitled "an act related to a levy of a county sales tax for construction of a courthouse and a jail limited to 4 cells in the city of Enterprise and renovation of the courthouse and improvement of the jail in Elba."

This bill, if passed as written, would limit the Enterprise jail to a maximum of 4 cells regardless of the needs or wishes of the Sheriff's department and the citizenry of the county, now or in the future. There is no valid reason for restricting the number of cells in the language of the act and we urge that the language be changed.

If this bill should pass as written, the Coffee County voters will be denied the option of considering any change of the county seat from Elba to any other location for 20 years. This due to state law concerning renovation of courthouses.

Since the above sections would perpetuate the dual system of courthouses and jails, this act as written is totally inconsistent with the position of the Enterprise Chamber of Commerce and we respectfully urge that the language be amended so that the bill deals only with the present county problem, the Enterprise jail, leaving the other questions of courthouses, the Elba jail and school revenue to be decided on by separate votes of the people at a more appropriate time with a full range of choices. These issues are too important to be settled through slight of hand and will require a full measure of good will and compromise by those on both sides of these issues.

Respectfully,

ENTERPRISE CHAMBER OF COMMERCE

Gentlemen:

This will acknowledge your letter of October 2, 1981, setting out your concern on the jail issue in Coffee County.

I can appreciate the position the Enterprise Chamber of Commerce has concerning one courthouse and one jail located in Enterprise, Alabama, to serve all the people of the county. However, under the present law the Commissioners of Coffee County DO NOT have the authority to consolidate the courthouses and jails. The legislative tax measure is in no way related to the one courthouse and one jail issue.

The County Commissioners are under a court order to build a jail in Enterprise. While I may or may not agree with the court, I will abide by its decision. Though the Enterprise Division has been without a jail for approximately 30 years, it was private citizens and not the county officials who filed the lawsuit.

There are available copies of letters, reports, etc., that date back to the latter part of the 1960s and early 1970s which indicate that this issue was being considered at that time.

During these years nothing constructive has been accomplished. Through the circulation of several unsuccessful petitions, efforts were made to solve the courthouse-jail issue. However, the people of Coffee County have not found any point of agreement. The citizens are tired of the bickering and hard feelings that have developed.

While it is true that building a new courthouse in Enterprise and extensive renovation of the courthouse in Elba will freeze the issue for 20 years, this might be better than the inactivity of the past 20 years. Not one resident of this area can predict the future decades.

No one can question the fact that the people of Coffee County deserve better facilities than are now available. I think the majority of the people would rather spend their tax money on constructing a new and better courthouse facility than on building a large jail. The initial cost of a large jail is just the beginning of the expenditures involved. The operation and maintenance of a large jail would be a burden on the taxpayer.

I do not believe this issue will ever be settled by a "slight of the hand." I will be 100 percent behind a vote at the people; however, we have not had an opportunity to vote on this issue in the past. What do you think is the possibility of a vote in the near future?

Again, I would like to say I will support anything that will give the people a chance to decide the matter and that will promote goodwill throughout the county. In all of our actions we need to seek solutions that will be best for the entire county and that will unite the people.

Sincerely,

Charlie M. Martin
Commissioner

Brainstorms

BY FERRIN COX

We commend the Elba City Council on adopting a practical operational policy for off-duty police moonlighting. We see the need for such a clear policy, and the one adopted by the council is practical. The need for off-duty police by private business comes up in every community, and those needing a policeman on the scene for long hours deserve to know just what the procedure will be.

Monday afternoon, attorney Bill Stokes started telling us about this big ole bluelight he had caught recently. He even offered to prove it because the fish was mounted and hanging in his office. Well, ye ole editor went to see and immediately recognized the monster. It ain't often someone comes up with a brain that weighs over three pounds, and in this case we were able to pinpoint Harry Jacob's trophy immediately. In fact, if he wants to hang it on someone else's wall while I will find room for it here.

By today everyone has been burnt out with details of the killing of President Sadat of Egypt. It was a shock to most of us that something like that could happen anywhere in the world, but the reality of it all was brought closer to home when it was revealed that retired U.S. General Taylor Hardin and his charming wife were on the reviewing stand when it all happened. These Alabama folks were visiting old friends in Egypt at the time, and thankfully did a good job of ducking the bullets and fragments of grenades. We hate to see anyone killed, but this was a tragedy that had to happen. It was especially mournful because we don't have enough friends to spare, even one to the fanatics who settle their differences by gunfire.

Last week we broke down and bought a new pair of work shoes. We had put the matter off a long time because breaking in a new pair of shoes is terrible at best. Well, this new pair was even worse, even though we bought the same stock number shoe as before. Finally, on Thursday, we sat down to find out why one foot was hurting even more than the other. That is when we discovered we had two different size shoes. Now that was terrible, and we were a little embarrassed that it took us four days to figure out the problem. Anyway, we returned those shoes to the seller, who made plans to return them to the shoe factory.

A short line in the city council report notes a pending increase in electric rates. This is not an "if-ty" increase, but the local utility has already received a letter spelling out the increase and has held several meetings with Alabama Electric Co-op seeking relief, but to no avail. The wholesale rate is increasing about 20 percent on the base rate, but there is a promise to try and keep the full adjustment rate at or near zero. At this time there has been no announcement on how much the rates will increase in Elba, but any amount will hurt our feelings and our pocketbook.

The Alabama legislature is in special session trying to adopt a redistricting plan. It appears we will have one plan from the House of Representatives and another from the Alabama senate. We will probably be amazed with the final plan... if there ever is a final plan.

Death of President Is Tremendous Loss

BY JOSH ENGLISH

The shocking and tragic assassination of Egyptian President Anwar Sadat constitutes a tremendous loss to Egypt, as well as the rest of the world. Few leaders have been as tireless as Sadat in pursuit of world peace.

Against tremendous odds and abundant predictions of utter failure, Sadat helped bring about a new era in Egyptian-Israeli relations by signing the Camp David Accords. Sadat the peacemaker, inevitably, was brutally killed by vicious thugs.

Unfortunately, there is no cure for this assassination scourge which stalks world leaders. Perhaps some day all will realize that no end justifies use of violent means. Meanwhile, let us all be thankful that Sadat, the man of peace, tried to bring some sense to an often insane world.

Mr. and Mrs. Daniel B. Johnson celebrated their 40th wedding anniversary recently at the home of their son, R.D. Johnson, on Washington Ave. here in Elba.

The couple was honored by a gathering of friends and relatives which included all three of their children, Don Anderson of St. Petersburg, Fla., Lavern Blocker and family of Crestview, Fla., and R.D. (Danny) Johnson and his family, of Elba.

They received many lovely and useful gifts in honor of the occasion, and were presented with a beautiful wedding cake.

Mr. and Mrs. Johnson (Dan and Bonnie) have lived most of their lives in and around Coffee County, Alabama.

Jenny still gets her mail addressed at a Tuscaloosa address also. She is near completion of her master's in home Economics at the University, where she is majoring in retailing and is employed part-time with Gayle's in the Tuscaloosa Mall. Love is the essence of religion; but this essence is sadly lacking in much of the religion we see today.

There's a religion of a kind of faith, a religion of a kind of hope, a religion of a kind of duty, and a religion of what religion makes. Needless to say, these types of religion fall far short of being what religion is meant to be and should be. God is love - that is the supreme and final revelation we have of Him. Love is the final manifestation of God, the final righteousness of man. The holiness of love is the only holiness that makes life beautiful, happy, strong and triumphant. We shall never know what religion really is, and what it can mean in our lives, until we have a religion with the Billy Ponder family. The prize-winning book, "A Confederacy of Dunces" by John Kennedy Toole, was donated to the library by a local citizen.

Five more books were purchased by the library at 7:30 tonight at Enterprise State Junior College. The event will take place Tuesday morning, and everyone to attend the presentation.

Also, the library staff wants to encourage use of the new meeting room in the back of the library. Mental Health Program workers, with headquarters in Andalusia, met there Tuesday morning, and just call the library as soon as you decide you would like to meet there, and it will be reserved.

In addition to offering this new meeting room to the public, the library offers more new books each week soon. "We hope to start getting ten more new books each week soon," Mrs. Dowling said. They now have about 40 books ordered.

Bridal shower: The receiving line for a miscellaneous bride shower honoring Cyndi Maddox included from left, her grandmothers, Mrs. Dixie M. Maddox and Mrs. Leo

Galloway; her mother, Mrs. Jack Maddox; the honoree; and Mrs. Sue King, hostess.

Cyndi Maddox Feted With Shower

Cyndi Maddox, bride-elect of Keith Elkins, was honored with a miscellaneous shower on October 3 at the home of Mrs. Mary Emma King.

Also serving as hostesses for the event were Mrs. Sue King, Mrs. Grace McCullough, Mrs. Erma Green, Mrs. Tiny Wise, Mrs. Jimmie Maddox, and Mrs. Jimmie Maddox.

Guests were greeted by Mrs. Sue King and registered by Jill Maddox. An ecru linen cloth covered the registry table, and a peach rose placed in a crystal bud vase was placed beside the guest book.

The guests were then preserved to the receiving line, consisting of the honoree; her mother, Mrs. Jack Maddox; and her grandmothers, Mrs. Leo

Galloway and Mrs. Dixie M. Maddox.

The bride-elect chose a tan print wrap-style dress of cotton knit for her shower. She wore a corsage of assorted miniature roses arranged on peach netting. Her mother's corsage was of miniature yellow roses.

Massive arrangements of assorted roses in crystal bowls decorated the dining room and the bedroom where gifts were displayed. All roses used in the shower were provided by Mr. and Mrs. Robert Cooper.

Cards Of Thanks

Our deepest appreciation is extended to Dr. Donald H. Crook and the nursing staff at Elba General Hospital for their care of our mother, Mrs. Vivian H. Allday, during the last week of her life. We shall always remember the kindness and consideration shown to us at the time of her death.

We are also grateful to all our friends and relatives who shared our sorrow through provisions of food, visits, cards and other expressions of sympathy. Every kind and thoughtful expression helped to ease the pain of grief.

May God strengthen and comfort each of us.

ALL DAY SINGING

Everyone is cordially invited to attend an all day Sacred Harp Singing and dinner on the ground at Pleasant Ridge Primitive Baptist Church (near Victoria) Sunday, Oct. 11.

REVIVAL

Revival services are scheduled at Haw Hill Assembly of God October 7-10 at 7:00 p.m. Billy Caldwell will be the guest speaker. Homecoming is planned at the church on Sunday, Oct. 11, with dinner at noon and singing in the afternoon.

BAPTIST MEETING

The annual meeting of the Coffee County Baptist Association is scheduled October 15-16, with the opening session at Whitewater Baptist Church on October 15 at 6:30 p.m. Dr. Sam Maddox, interim pastor at Southside Baptist Church in Dothan, will be the guest speaker. Phil Newton will deliver the missionary message on October 16.

HOME-COMING

The annual 7-shape singing homecoming will be held at Brooklyn Methodist Church, 400 miles east of Opp, on 3rd Sunday, October 18.

Everyone is asked to carry a song book.

Daughterly Reunion

The luncheon took place at the home of Ivey and Cora Daugherty. There was lots of food and barrels of laughter enjoyed by relatives and friends. After the meal everyone gathered around to reminisce and discuss the future.

The guest list included: Mrs. Gertrude Blocker; Ray, Wilma Mae and Mike Blocker; Pete, Pat and Cindy Daugherty; Janice, Chuck and Brock Daugherty; Joe, Jeanette, and Brandy Daugherty; Odie Bimbo, each of Elba; Ethel Daugherty; Duffa Daugherty and Teresa Howell; Roger and Linda Wilson; Mr. and Mrs. Ralph Hamilton; Mary, Angela, Matthew, Russette, Merritt, each of Enterprise; Mervin Coon, Flex Coon, Daisy Daugherty, each of Opp; Arnold Hawthorne, Mr. and Mrs. Harvey Hawthorne, each of Alice City; J.V., Mildred, and Lynn Daugherty of Loxley, AL; Julie Ann Chris Tomberlin from Panama City, Fla.; Kathy, Lynn and Andy Hamilton of Albany, Ga.; Donald, Judy, Barbie, and Donna of Sylvester, Ga.

I didn't have to go anywhere to know that I have traveled to and worked in a part of our nation where the religious freedom and Christian testimony is not nearly as prevalent as it is right here in Elba, Alabama. Our Christian heritage is nearing a crisis state which the energy crisis cannot cast a shadow upon.

The fact that God is real and that His Word is proven truth is an historical fact that will never be changed. If we wait a better community, country and society, I challenge each of us to strive with every fiber in us to live by God's Word daily.

Matt. 5:48 - Be ye therefore perfect, even as your Father which is in Heaven is perfect.

Rom. 12:1-2 - I beseech you, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world, but be ye transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.

WHITWATER BAPTIST CHURCH

I have always known that we who live in the Bible Belt take for granted many freedoms that God has provided for us through our Christian forefathers. It is easy to enjoy and consume these freedoms without any effort to keep them secure for those who will follow us through life. I am even more convinced now that I have traveled to and worked in a part of our nation where the religious freedom and Christian testimony is not nearly as prevalent as it is right here in Elba, Alabama. Our Christian heritage is nearing a crisis state which the energy crisis cannot cast a shadow upon.

BAND OFFICERS ELECTED—Just as any other group, a band needs elected leaders to insure a democratic and smooth operation. In an effort to do this the band recently elected a slate of officers. David McCarrall was chosen as president; Dedie Fuller, vice-president; and Lauri Doster, secretary. Also serving as officers are Drum major Robin Day and Color Guard Captain Terri Amlog.

The student body at ZCHS recently elected representatives for the Student Council. Two representatives were elected from grades 7-12. The two representatives from the senior class are Lori Mahaffey and Steve McCarrall. It was decided at the first meeting that Lori and Steve would jointly hold the office of president and that there would be no vice-president. It was also decided that through the 1981-82 school year all representatives would hold an office of one kind or subjects considered by the members.

SPIRIT AWARD

How do you measure spirit? Spirit is measured by the most enthusiasm shown throughout an entire year rally. The varsity cheerleaders also lead each class in a separate cheer. The class that wins is awarded five points for having the most spirit. During the football season there will be more chances for classes to win points. Last week, chances were sold on a gallon jug of M & M's. The class that bought the most chances received five points. The person who guessed how many or closest to the exact number won the candy. At the end of the football season there will be a surprise give to the class with the most spirit points. By DONNA FOLEY

SENIOR PORTRAITS

Continuing the tradition and custom which has been a part of the school for many years, the Zion Chapel senior class had formal senior portraits made this year. Boys wore the traditional suits and the girls chose from various colored dresses. The portraits were made September 25 in Mrs. Patsy Powell's room. Proofs will be back in two-three weeks.

EHS Black & Gold Review

Council President Benefits

By MELISSA NORMAN

If you want to know how being student council president can help to prepare you for a career, just ask Philip Brown.

In exchange for his services to the students of Elba High School, Student Council President Philip Brown receives training for a career in evangelism. Philip explains that his position as president offers him a chance to speak before a group of people, to be a leader, and to set an example. In return for the benefits he receives, Philip says, "I will try to keep peace among students and will give the student body an equal opportunity to express its opinions."

After graduation, Philip plans to continue his evangelical training at the Alabama Christian College. Philip adds that he hopes to be remembered by his fellow students for having good moral standards, for doing a good job, and for his principles.

In addition to serving on the student council, Philip is a member of the Youth for Christ Club, Mu Alpha Theta, and is a sales editor on the Elba staff.

Philip is the son of Mr. and Mrs. Hayward C. Brown of Elba.

and Ceina Hayes, escorted by Claude Dorsey.

The parade began at 2:15 p.m. and the entries stretched for over a mile.

The honored class this year was the Elba High School graduating class of 1981.

The Elba Tigers went to work and really entertained the Tiger fans with a fantastic 27-3 victory over the Dale County Warriors of Midland City.

To climax Homecoming 1981, Dr. Funk, a disc jockey from Troy, played the music as students danced with the excitement of another EHS homecoming and from another great Elba Tiger victory.

Homecoming at Elba

By KIM WHITMAN

Homecoming at Elba High School was observed Friday, Sept. 24.

The activities began at 8:00 Friday morning, when Beverly Bouwell, escorted by Chip Smith, was crowned Homecoming Queen. Buddy Clark, president of the senior class, crowned Beverly as Todd McCollough presented her with a lovely bouquet of flowers.

Honored as attendants were Seina Hooks, escorted by Stanley Barnes; Lisa Daniels, escorted by Jimmy Jurasek; Aleah Hudson, escorted by Jeff Jurasek; Cathryn Carpenter, escorted by Calvin Carpenter;

VICA Club Holds First Meeting

On Thursday, Sept. 24, the Elba High Chapter of the VICA Club (Vocational Industrial Clubs of America) held its first meeting of the year.

Mr. Donald Lawford discussed the object of the VICA Club and urged each person planning to join the club to

pay his dues of seven dollars by October 1. The club went over plans for the construction of the VICA float and the sale of helium balloons during the homecoming events.

Before the close of the meeting, two of the officers for the upcoming year were elected: President—Velvet

Brewer, and Reporter—Nancy Lindsey.

Due to the limited meeting time, a special club meeting will be called on October 15 to elect people for the remaining offices of Vice President, Secretary, Treasurer, and Parliamentarian.

Seniors to Get Free Magazines

Free copies of "Sourcebook '82" will be distributed to seniors at Elba High School. This 72-page magazine, which is designed to deal with subjects of interest to graduating seniors, is published by 13-30 Corporation for the U. S. Army.

The exclusive advertiser, 13-30 Corporation is a leading publisher of high school and college magazines.

"Sourcebook" magazine is well targeted to its 2.75

million readers. Articles range from honest discussions of sociological issues, such as "Lonely Days, Lonely Nights," about teenage loneliness; "Learning to Live in a Stepfamily"; and "Mackenzie Phillips Fights a Drug Habit—One Day at a Time"; to entertaining pieces such as one recent grad's recollection of a high school dance and "The Sweet Sound of Success," an interview with rising rock singer, Rachel Sweet. Readers will also enjoy "Band on the Run," a behind-the-scenes look at a Philadelphia garage band trying to reach the stars.

Seniors get the solid, practical information they need in articles on teen employment, "Working Five to Nine," and "The Senior Career Planner." "Super Seniors" introduces readers to seven of their peers with outstanding accomplishments in a variety of fields, while "Sourcebook Sources" is a comprehensive guide to useful sources of information to serve readers through senior year and beyond.

ers will also enjoy "Band on the Run," a behind-the-scenes look at a Philadelphia garage band trying to reach the stars.

Library Council Meeting

The Library Council of Elba High School met during activity period on September 24. This, the first meeting of the year, was an organizational meeting. Mrs. Calhoun, club sponsor, discussed the club's charter and constitution.

The next regularly scheduled meeting will be October 22. Club dues of \$1.50 will be expected to be paid by then.

Osborn Meets With Students

The Senior Student Council held its monthly meeting October 1. Due to a special invitation from the superintendent, the meeting was held in Superintendent John Osborn's office.

The meeting was called to order by the president, Philip Brown. Secretary Angie Holt called the roll and read the minutes of the last meeting.

Supt. Osborn met with the council to discuss upcoming issues. The meeting was adjourned until next month.

Elba's Tiger Band To Travel to Lanett

The Elba Marching Tiger Band will travel to Lanett, AL., on Saturday, Oct. 10, to perform and compete in the Alabama Governor's Marching Band Festival.

The band will leave Elba at approximately 9 a.m. for their late afternoon performance. They will compete with approximately eight other bands in their classification. Bands are categorized by the number of students in the top three grades. Elba falls in Class C competition.

The overall band will be judged by three adjudicators, while the drum major, color guard and majorettes will be rated by separate judges who are professionals in their field.

The Marching Tigers have been working diligently over the past few weeks preparing themselves for their first contest of the season, striving to maintain their superior status.

According to Band Director Steve Thompson, "This year's band has the potential to be the finest band in their class and they have adapted well to a new and very demanding style of marching, as well as music."

The band will also compete in the Southland Band Classic in Enterprise on Oct. 31, and the Southeast Marching Band Festival in Troy on November 7.

After graduation, Philip plans to continue his evangelical training at the Alabama Christian College. Philip adds that he hopes to be remembered by his fellow students for having good moral standards, for doing a good job, and for his principles.

Dress Up To Support Your Team

By KIM WHITMAN

Anything wild was worn by the student body Friday, Sept. 18, for Going Bananas Day, in order to support the Elba Tigers.

Almost every Friday is a dress-up day at EHS during football season. The cheerleaders believe that dress-up days are a good idea because students get more involved and school spirit is increased. Most students enjoy the dress-up days, and this increased school spirit rubs off on the football team, helping to "fire them up."

Each week a winner is chosen as the best dressed at the pep rally. Going Bananas Day was the day of the Opp game. Myra Johnson, a junior, and Mrs. Helen McCollough were announced the winners.

The day of the Laverne game was the Black-Gold Day. It was a huge success. After all, most EHS students have several Tiger jerseys. The winner of Black-Gold Day was Teri Stokes, a tenth grader. She wore a pair of gold overalls and a black shirt.

The day of the Geneva game was Stripe Day. Listen for the announcement each week, or ask one of the varsity cheerleaders what the next costume will be, and participate with us.

Game That Lasts A Lifetime

[Author Unknown]

"I am giving you the ball, son, and naming you quarterback for second team in the game of life. There is only one schedule to play. It lasts all your life but consists of only one game. It is a long game with no time out and no substitutions. You play the whole game—all your life. You'll have a great backfield. You're calling the signals but the other three follow in the backfield with you have great reputations. They are named Faith, Hope and Charity. You'll work behind a truly powerful line. End to end, it consists of honesty, loyalty, devotion to duty, self-respect, study, cleanliness, and good behavior. The goal posts are the pearly gates of Heaven. God is the referee and sole official. He makes all the rules, and there is no appeal from them. There are ten rules. You know them as the Ten Commandments and you play them strictly in accordance with your religion. There is also an important ground rule. It's: 'As you would that men should do to you, do you also to them likewise.' There is the game. It is yours. immortal soul. Hold onto it. Now son, get in there and let's see what you can do with it."

Before you buy that Homeowner policy with the "New Home Discount,"

talk to your Cotton States agent, and compare his Homeowner plan to the one you're considering.

Whether your home is brand new or several years old, your Cotton States agent is committed to providing the most complete and the most affordable Homeowner protection for you.

And he might have the answer to some questions that could make a big difference in your premium rate. For example:

- Yes, we do give discounts for safety installations like burglar and fire alarms.
- We offer liberal credits for higher deductibles. Your credit is figured on a straight percentage, without a maximum amount of discount.
- With a Cotton States policy everyone—not just owners of new homes—has the advantages of our low, competitive rates.
- Cotton States does not automatically raise your rates to "guard against inflation." We offer you the opportunity to decide when and how much you want to increase your insurance coverage.

Don't settle for the policy that sounds the least expensive. You deserve more than that for your money.

You deserve answers.

Before you buy that Homeowner policy with the "New Home Discount,"

talk to your Cotton States agent, and compare his Homeowner plan to the one you're considering.

Whether your home is brand new or several years old, your Cotton States agent is committed to providing the most complete and the most affordable Homeowner protection for you.

And he might have the answer to some questions that could make a big difference in your premium rate. For example:

- Yes, we do give discounts for safety installations like burglar and fire alarms.
- We offer liberal credits for higher deductibles. Your credit is figured on a straight percentage, without a maximum amount of discount.
- With a Cotton States policy everyone—not just owners of new homes—has the advantages of our low, competitive rates.
- Cotton States does not automatically raise your rates to "guard against inflation." We offer you the opportunity to decide when and how much you want to increase your insurance coverage.

Don't settle for the policy that sounds the least expensive. You deserve more than that for your money.

You deserve answers.

Miss Mobley Working On Palladium Staff

Sandra Kay Mobley, a recipient of the George C. Wallace Leadership Scholarship to Troy State University, has accomplished two first during her freshman year of college.

The 1981 Zion Chapel graduate is playing clarinet with the TSU Sound of the South Band this fall and was also selected to work on the Palladium staff, the college yearbook. She is the first Zion graduate to serve in either of these capacities at Troy.

Miss Mobley, the daughter of Mr. and Mrs. Martin Mobley, was editor of the school newspaper her senior year in high school, salutatorian of her graduating class, a member of the yearbook staff, a band officer, and Beta Club officer. She was a charter member of the school's first marching band and a band officer for three years.

VIEWS FROM

THE PRESSBOX

By Ricky Mularz

Elba's game plan going into last week's battle with Greenville was to play ball-control on offense so Greenville couldn't use its superior size to move the ball up and down the field. Well, we had the ball for 76 plays to only 31 for Greenville, and kept the ball for 34:01 of the game's 48 minutes. Trouble was, we didn't get the ball into the endzone and Greenville did, without much difficulty! Face it folks, it could have been worse than 27-0.

Our offense was able to move the ball against a very rugged Greenville defense, but again just couldn't put it all together and failed to take the ball into the endzone. We ran the ball up the middle for good gains, but couldn't get outside and once again had very little success throwing the ball. I know we only scored one touchdown, but we gave it a good effort against a superior team and didn't really do that bad. Maybe our offense will show just what it can do before the season ends and put some points on the board.

Over on defense we simply got run out of the stadium! Greenville seemed to score almost at will, and though they are very good, we made 'em look even better by missing too many tackles to even count. The big Greenville backs ran over, around and through us, and on the long touchdown runs we didn't even lay a hand on them, much less tackle them. After the win over Dale County, I thought maybe we had finally discovered how good we could be and hoped we were ready to go out and win some games. However, if our defense doesn't improve, there "ain't no way" we'll avoid a losing season.

Everybody says we just don't have enough good players to win many games, but I don't agree. We can win against anybody if all our people give 100 percent on every single play. True, we may not be the best, but I can't believe we're the worst, either.

In my opinion, Greenville had the best team we've played all year and Tommy Powell is the best runner I've seen. Greenville is big, fast and mean, and will be hard to beat in the playoffs.

the 3A ranks. They may be a little too aggressive, as was shown by the fact they received nine major distance penalties, but that is what it takes to win championships, and Greenville has a championship-caliber team.

A look around the county shows that Enterprise kept on winning, barely. New Brockton came out of hibernation; Kinston lost a big area battle, while Zion Chapel got ripped, again.

Enterprise's unbeaten Wildcats had to score late in the game to post a 14-7 win over a tough Dothan team. The Cats aren't going to be able to breeze into the playoffs after all. New Brockton broke out of a long slump to dispose of previously unbeaten Long High 20-14. Coach Boutwell's team may be down, but they're a long way from being out.

Kinston's week vacation didn't do much good as the Bulldogs got thumped by previously winless Samson 42-21. The loss eliminated the Dogs from the Area race, but they can still be spoilers.

Zion Chapel has to be a little "punch happy" after getting slugged again, this time by Arion 39-0. The Rebels have been outscored 124-0 in the past four games, but keep on trying and doing their best.

A quick trip around the state shows few surprises, if any, as the season enters the home stretch. Here are a few highlights of local importance:

***Andalusia took a giant step toward a return to the playoffs with a narrow 7-6 win over Troy. The Trojans got close four times, but couldn't cash in their chips, and had to go home empty-handed.

***Opp didn't have an easy time, but did manage to dump Dale County 27-8. The Bobcats can make the playoffs, but they do need a little help from Elba to do so.

***McKenzie threw the Class A, Area 3 title-chase into a mess by running past Dozier 16-6. That means McKenzie, Brantley and Dozier are all probably headed for a tie, and a tie-breaker!

***Geneva posted its third win by blanking Hartford 13-0, and it looks like the Panthers are already looking forward to next season.

***Eufaula continued to flex its muscle by beating Ozark 34-6. The Tigers have beaten both Dothan and Ozark, which means they could probably be both a 3A and 4A power!

***Palmville remained undefeated by edging Vernon 21-12, and now it looks like the day of reckoning is coming in the form of a Greenville Tiger.

***Coach Atkins' Brundidge Bulldogs got back on the winning track by defeating Union Springs 10-7. The Dogs are working hard to be a contender in the 3A ranks.

And finally, the 6-6 tie between Clayton and Louisville probably went unnoticed by a lot of folks, but it was worth noting because Louisville beat Clayton just five weeks ago. That's right - they play twice a year!

Tigers To Face Troy Trojans in Final Home Game Of Season

The Elba Tigers will play their final home game of the season on Friday night, October 9, when the defending State 3A champion Charles Henderson High Trojans come to town in a crucial Area 3 contest for 20-6 and Slocomb 37-28.

The South Alabama Conference has released its football statistics for the week ending September 25, and several Elba players continue to be listed among the leaders.

In rushing, the leader is Opp's Robert Brannon, with 478 yards on 58 carries, followed by Andalusia's Glasco Mason with 411 yards in 76 carries. Elba's Mark Henderson is sixth with 196 yards in 31 carries. Ted Horstead is eighth with 163 yards in 28 carries, and Andy Hardwick is ninth with 159 yards in 30 carries.

Opp's Ed Spurlin is the top passer in the conference with 15 completions in 33 attempts for 303 yards, and is followed in second place by Elba's Mike Amison with 13 completions in 41 attempts for 177 yards.

In the receiving department, the leader is Opp's Matt Knight with seven receptions for 130 yards, followed by Andalusia's Ramish Ellison with six

Troy's Alex White is atop the scoring parade with 42 points, followed closely by Opp's Tim Jesse with 38. Ted for fourth with 12 points in six plays, including

line, but fumbled with the Dogs recovering at the 44. Andalusia took the lead at 6-0 moments later when John Pitts rambled 55 yards to paydirt.

Elba took the opening kick and moved to a first down on the Andy 38-yard line, but fumbled with the Dogs recovering at the 44. Andalusia took the lead at 6-0 moments later when John Pitts rambled 55 yards to paydirt.

Elba came right back with a 73-yard touchdown march to take the lead at 6-6. A

Pitts scored on a 35-yard scamper and added the two-point conversion late in the second stanza, as Andalusia, with 22 tackles and 16 assists. Elba's Mike Smith ranks tenth with 11 tackles and two assists.

When asked about Greenville, Coach Wood stated, "They had a good football team and we made 'em look even better. Greenville is better than us, but we didn't do anything on defense. We didn't tackle, pursue or anything. I hope our defense is better than it showed Friday night. On offense we did a pretty good job on our game plan, but didn't completely enough passes to be consistent. We didn't get anybody injured too bad, so I guess that was one plus for us."

The Kinston Alumni Banquet Set

The Kinston Alumni banquet will be held on Friday, October 9, at 6:00 p.m. in the high school cafeteria. Classes to be honored are 1931, 1941, 1951, 1961, 1971 and 1981 and all classes are invited.

Alabama finally satisfied a lot of unhappy fans by shelling Ole Miss 38-7. The Tide defense again got the Tide rolling and it was a humble recovery by Greenville that set up the first Bama score. Russ got mentioned in Sports Illustrated last week for his touchdown and made the national wire service news again this week. It looks as if Russ is gaining popularity every week, and I'm sure his best is yet to come.

Elba's Gary Bradshaw, a defensive standout at Troy State, underwent minor surgery last week to repair a badly broken nose he suffered in the win over Nichols State. Doctors advised Bradshaw to sit out the rest of the season due to the severity of the break, but he missed only one day of practice and was suited up on Saturday for the Mississippi College game. I guess there is no doubt Gary has the desire to be a winner!

The major league's "mini-playoffs" started this week with not much interest, except in Milwaukee and Montreal, and the best team in the majors didn't even make it! The Cincinnati Reds posted the best overall record in either league, but failed to make the playoffs because of the split season. I don't like the Reds, but something stinks when the best team gets left out.

The Pensacola Open starts next week and I plan on going for the 12th straight year. I've seen some mighty good golf over the years, including a 62 by Curtis Strange and a 200-yard wood shot holed out for an eagle, not to mention some of golf's all-time greats. It is the last tourney on the tour, but the action is good and the golf excellent. Why not go down and see at least one day of the tourney - you'll enjoy it.

Ye ole Polish Prognosticator hit on 29 of 36 last week and hit both the Enterprise-Dothan and Geneva-Hartford scores on the nose! The crystal ball is on the blink this week, but maybe I can adjust the fine tuning a little more and come through with another winning week. Here goes. . . .

ELBA VS. TROY
The Tigers' defense got ripped apart last week in the loss to Greenville, and I'm sure if Coach Wood has enough tape to put it back together. I'm afraid Elba will wind up with the short end of the wishbone!

Troy 17 - Elba 12
The Gamecocks won last week and are ready to start flexing their muscles, while the Rebels are still battered and bruised from four weeks of war. Brockton should be 4-3 this time next week!

A Raider running back bursts through a hole for good yardage in Saturday night's loss to Straughn.

Tigers Fall 22-0

The Tigers suffered their first loss of the season by losing to the Straughn Tigers 22-0. The offense was led by Troy Kelley and Ronnie Crawley, but they were unable to bring the Tigers back into the game.

Raiders Lose 20-0

The outmanned Raiders were handed another loss as they were defeated by Straughn 20-0. The offense sputtered all night as they were unable to get on track. The leaders on defense were Buck Simmons - 9 tackles.

Cubs Fall 24-0

The New Brockton Colts handed the Tiger Cubs their first loss of the season by defeating them 24-0. The offense had an off-night as they were unable to move the ball successfully.

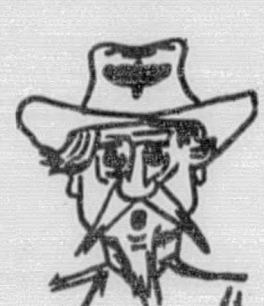

All eyes are looking upfield as a Tiger runner tries to find running room against the rugged Straughn defense.

"Civil War" As Rebs Invade New Brockton

It will be "Civil War" this Friday night at Gamecock Stadium when the Zion Chapel Rebels march into town to battle the arch-rival New Brockton Gamecocks.

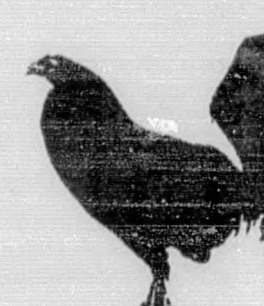

The Gamecocks own a 3-3 record, while Zion Chapel is 1-5, but you can throw the records out the window, because both teams will be fired up and hunting bragging rights.

"Zion Chapel has had a lot of problems this season," said Brockton's Coach Leavy Bouwell in a Monday afternoon interview, "but they have a lot of potential and we respect them. They've had injuries and more than their share of bad breaks, but they are dangerous. You can throw out the records for this one because this is a big rivalry and both teams will be fired up."

On defense they have a good club. They use a lot of different looks and are real aggressive. We know they'll be tough on us. For us to win, we'll have to be consistent on offense and be productive in passing the ball. Our blocking was improved last week, and it

will have to be just as good this week. On defense we are still giving up the big play, and since we are giving up the big play, we are concerned. We will have to tackle better than we have and work hard on learning our assignments. It is a big game for us because it is our next game. We will prepare hard and give it our best shot. We will be ready for a good football team.

When asked about last week's big win over Long, Coach Boutwell stated, "I was pleased for our kids to win. We worked hard and deserved to win. I want to praise all 26 of our boys for keeping their character and showing their class. We never gave up and didn't look for anyone to blame when we lost. We overcame adversity and showed what we call Gamecock Pride! On offense we controlled the football and didn't stop ourselves with mistakes. We outblocked, outtackled and outmaneuvered them. It was a great win and I hope it will be the turning point in our season."

AHSAA Releases Grid Standings

The Alabama High School Athletic Association has released its Area and Region standings for the week ending October 5, and the upcoming playoff picture is beginning to take shape.

In Class 1A, Area 1, the only two unbeaten squads in the area contests are Millry and Leroy, while in Area 2 Lyffton and Frisco City are tied for the top spot with one loss apiece. In Area 3 it is a three-team battle with McKenzie, Dozier and Brantley all tied with one loss, and over in Area 4 it looks like a two-team race between Coffee Springs and Samson, both with unbeaten area slates.

In Class 2A, Southern Choctaw has all but wrapped up the Area 1 crown, while in Area 2 J.F. Shields appears headed for post-season action. The winner of the Laverne-Georgiana clash will put a lock on the Area 3 title, and up in Area 4 you can put Cortwood in the playoffs.

The winner of the Autaugaaville-Holtville game will wear the Area 5 crown, while in Area 6 it will come down to the Dadeville-Randolph County winner. Celera seems to have a claim on the Area 7 title, and in Area 8 it looks like the crown will go to Olathe.

In Class 3A, it looks like Thomaville has a lock on the Area 1 crown, while in Area 2 it will come down to the winner of the Greenville-W.S. Neal clash. Andalusia is atop the Area 3 race, but is far from being the area victor; up in Area 4 it will be the Smith's Station-Eufaula winner advancing to the playoffs.

In Class 4A, leaders in Region are (1) Davidson, Murphy and Theodore; (2) Atmore and Foley; (3) Enterprise; (4) Jeff Davis; (5) Jones Valley and Parker; and (6) Gardendale and Erwin.

In Class 5A, leaders in Region are (1) Davidson, Murphy and Theodore; (2) Atmore and Foley; (3) Enterprise; (4) Jeff Davis; (5) Jones Valley and Parker; and (6) Gardendale and Erwin.

Greenville Tames Tigers 27-8

The Greenville Tigers combined a big play offense with an aggressive, hard-hitting defense to post a solid 27-8 win over the Elba Tigers last Friday night in Greenville. The win upped Greenville's record to 6-0, while the loss dropped Elba's slate to 3-3.

Elba received the opening kick and moved to a first down behind the running of Ted Horstead and Buddy Clark, but the Greenville defense toughened and forced a punt. Greenville put the ball in play on their 45-yard line following a 15-yard penalty against Elba on the punt, and needed only three plays to move in for a touchdown. Tommy Powell got the call on all three plays and ripped off runs of 2, 46 and 7 yards to light up their side of the scoreboard. A bar snap followed the p.a.t. leaving Greenville with a 6-0 lead with 7:45 left in the opening stanza.

The Tigers kept the ball on the ground on their next possession and moved to a first down at the Greenville 33-yard line. Elba went to the air on the next two plays, however, and the second down loss was intercepted at the eight-yard line to end the threat. Greenville's offense again didn't stay on the field long, as it needed only two plays to reach paydirt, with Tommy Powell again matching the score, this time on a 66-yard ramble! Earl Hawkins ran in the two-point conversion to tie Greenville's lead to 14-0 with 4:09 still left in the first quarter.

Elba put together another long drive on its next possession, marching 56 yards to a first down on the Greenville 30-yard line. However, Mike Amison was sacked for a big loss on first down and passes fell incomplete as the Elba drive again came up empty. The two 3A teams swapped punts on their next possessions, with Greenville winding up with the ball on their own 12-yard line. A 29-yard run by Powell and a 41-yard pass from Harry Crum to Alvin Briggs moved Greenville deep into Elba territory, but this time the Tiger defense refused to fold and sacked the Greenville quarterback for a big 18-yard loss on the fourth down, to turn back the challenge. The half ended seconds later with Greenville holding a 14-0 lead. At the half, Elba's ball control offense had run 38 plays to only 13 for Greenville, but it made no difference, as the Tigers had 0 points to show for their work!

Greenville put the ball in play on the 26-yard line following the second half kick and quickly upped its lead as Tommy Powell broke loose on a 74-yard touchdown run on the first play from scrimmage. Jimmy Crum kicked the extra point, and with only :28 gone in the second half, Greenville's lead had grown to 21-0. Elba couldn't mount a drive on its next possession,

but a 53-yard punt by Paul Cox backed Greenville up on its own one-yard line, and led to Elba's first score of the game. Greenville couldn't move out of the shadows of the goal posts, and on fourth down the snap from center sailed over the punter's head and went out of the endzone for a safety. The safety put Elba on the board, but just barely, as they trailed 21-2 with 5:44 left in the third stanza.

The Tigers moved to the Greenville 36-yard line following the free kick, only to again come up short, with Greenville taking over on downs. A 35-yard pass from Harry Crum to Alvin Briggs got Greenville moving, and one play later Tommy Powell scored his fourth touchdown of the night on a 34-yard scamper. The p.a.t. attempt sailed wide, but with 1:45 left in the third quarter, Greenville owned a lopsided 27-2 bulge and it was all over but the cheering.

Elba began another drive on its next possession and this time reached paydirt to cut the lead to 27-8 with 5:46 left in the game. Ted Horstead ran for 16 yards

and caught a big fourth-down pass for a first down to spark the Elba drive, while the score came on a seven-yard pass from Mike Amison to Buddy Clark. The attempt at a two-point conversion failed, leaving the Tigers on the short end of a 27-8 score. Elba stopped Greenville on a fourth-down play on its next possession and the Tigers again headed goalward, moving to a first down on the Greenville 13-yard line. However, a John Hudson pass was intercepted in the endzone on the game's final play, and Greenville had the win 27-8.

Ted Horstead gained 63 yards in 13 carries and caught four passes for 30 yards to lead the Elba offense, while Mark Henderson added 38 yards in 11 carries. On defense, leaders were Steve Whitehall (16 tackles), Emanuel Magwood (4 tackles) and Hal Brunson (3 tackles).
